Superintendent's Report

To the Superintending School Committee and Citizens of Unity:

It is with pleasure and a degree of satisfaction that I submit to you this my third annual report of your schools.

During the spring term the teachers remained as last reported. At the opening of the fall term several changes were made. Miss Farwell was elected to teach the Wood's school, Miss Alice Walton at Farwell's corner and Miss Hunter at the Worth district. The school at the Kelley district was discontinued, and transportation provided for them to the grade school.

I have held three Teachers' meetings during the year. Two of the meetings were for the purpose of giving expert instruction in teaching Geography and Penmanship. Several teachers are working for their Palmer method writing certificates.

The work done in all our schools this year has been far above the average. The pupils are doing excellent work, only a very few are retarded.

The State Department of Education has selected Waldo County for the purpose of making a special survey from which they will learn the true mental ability of the pupils and just what they have achieved in educational work, also many other facts in connection with our work.

I have already given the mental test in the Villageschool and the result is very gratifying. Four pupils whose ages range from 11 to 13 passed a test equivalent to a student aged eighteen. None have fallen below to indicate a serious condition. This should interest all parents, and I trust that you will feel free to call to learn results.

Repairs

New toilets have been built and connected with the school building at the Worth district. A new radiator has been installed at the high school and new doors for the grade building, also eight new desks for the primary room. Other general repairs have been made.

The sewer system at the high school is not very satisfactory and should receive special attention next year.

Combined Enrollment by Grades

Grade	1	2	3	4	5	6	7	8	Total
Boys	9	10	12	7	7	10	8	2	65
Girls	8	12	6	6	8	7	9	7	63
Total	17	22	18	13	15	17	17	9	128

We have four common school pupils attending school in Troy and three in Thorndike.

Conveyance

We have a few cases where pupils live two miles or more from the school who seem to be entitled to conveyance. We are having a special article inserted in the town warrant for your action. Your committee has looked into this matter very carefully.

Superintending School Committee

During the first part of the year two members at different times resigned because of sickness, which rendered them unable to attend to the school work.

First, Mr Knights resigned and Mr Harry M Brown was elected to fill the vacancy. Mr C W Taylor was elected to

fill the vacancy caused by the resignation of Mrs Wheaton.

High School

The fall term opened with an entirely new corps of teachers. Mr Kenneth W Barker, a graduate of the U of M, ND Prin., and Miss Hilda E Clough of Boston University, as assistant, Mr Richard Dolloff of the U of M as head of the Agricultural department

The school has in every respect been all that could be expected. We have an enrollment of 70 pupils, and all are doing exceptionally good work. The students are conducting themselves as become young ladies and gentlemen both in and out of school.

You have a good percentage of excellent pupils, and some who can be rated as superior.

Conclusion

This has been a remarkable year. Conditions at the beginning of the year were not at all pleasing, but now every thing is working smoothly and all are in harmony.

I wish to thank the citizens for the splendid support they have given their schools, and the committee for their cooperation in creating a proper school spirit and atmosphere. To you, teachers both elementary and high we give due credit for all that has been accomplished. You have been loyal to your profession, and I know from the many favorable comments received that your work is appreciated.

Respectfully submitted,

G M D Grant,

Sup't

Insurance & lights	600.00
Repairs	500.00
Agricultural equipment	50.00

Report of Teacher of Agriculture

To the Citizens of the Town of Unity:

The students in Agriculture this year were divided into two classes, one consisting of the Freshmen and Sophomores, the other, the Juniors and Seniors. The course of study for the first has been Field Crops with special emphasis upon the Growing of Potatoes. Dairying has been given major consideration with the second group, but Orchardring will be taken during the last twelve weeks of the second semester.

The importance of Shop Work in Vocational Agriculture has caused one day of each week to be devoted to it. The boys are showing keen interest in this work which has been confined, this year, to the making of wooden articles that will be of use to them at home. Two wooden vices that are sorely needed are in the process of construction. One of the boys is doing the work.

The projects completed this year were very good, especially the Tuber Unit Seed Plots. The projects, besides netting, in almost every case, a good profit, put into practice the efforts of the class-room. Several of the boys are keeping milk records of individual cows in their father's herd and are determining also the monthly butter fat production testing the milk periodically.

Upon the suggestion of the State Supervisor of Agricultural Education an Advisory Committee has been appointed, whose duty it is to advise and assist the Teacher of Agriculture in solving his problems. The following were appointed by the School Committee: James Vickery, Charles Hatch, Clifford Jones and Faunce Hunter.

The results of the Vocational High School Stock Judging Contest at Bangor Fair were very gratifying. Unity High School was third, being beaten by East Corinth, who took first and Washburn who was second. Mason Shibbes was individual winner, having the highest score and received \$20.00 for his accomplishment. Norris Hunter received \$4.50 for being sixth. The team, Shibbes, Hunter and Simpson, received \$8.00 for taking third place.

My first year, as an Instructor of Agriculture, has been extremely interesting, very pleasant, and I hope successful, but it would not have been except for the splendid support of the High School Principal, the Supt. of Schools, the Members of the School Committee, the Advisory Committee and the citizens of the town.

For that splendid support, I thank you.

Respectfully submitted,

RICHARD C DOLLOFF

Instructor of Agriculture

Report of Principal of High School

To the Citizens of the Town of Unity:

Unity High School has, at this writing, an enrollment of 68 students, out of a year's total enrollment of 72. Two left school on account of sickness and two moved to some other town. The present enrollment is the highest that Unity High School has ever had. This figure will increase with the opening of the school in September next.

The courses of study are defined as: Agricultural—especially for those boys wishing to remain in the lines of agricultural pursuits, and this course also prepares for a continuation of work in any College of Agriculture; English Scientific—training in citizenship and giving a foundation in science, as well as a definite program of English, including literature, composition and letter writing. This course also prepares for college. College Preparatory—fitting the students directly for the college entrance requirements more completely than either of the other two courses of study.

Unity High School is a class A high school and thru the efforts of Mr Dolloff and myself we have recently been placed on the accredited list of preparatory high schools by University of Maine and Colby College.

The program of subjects in each course is adhered to closely as possible, and each one of the three courses contains all the requisites for college work. Our program of courses—time schedule of classes—ranking is entirely new

and satisfactory. In order to be eligible to compete in athletics a student must pass $\frac{3}{4}$ of his studies. The school year is divided into two semesters of three ranking periods each and eighteen weeks long. A grade of seventy (70) must be obtained to pass a course.

The school classification follows:

By Classes

	Boys	Girls
Seniors	7	9
Juniors	6	8
Sophomores	8	12
Freshmen	7	12
	<hr/> 28	<hr/> 41

By Courses

	Agric	English	Col. Pres
Seniors	5	9	2
Juniors	4	8	2
Sophomores	6	12	2
Freshmen	1	13	5
	<hr/> 16	<hr/> 42	<hr/> 11

By Towns

	Unity	Troy	Burnham	Knox	Thornville
Seniors	11	3	0	2	0
Juniors	9	4	1	0	0
Sophomores	15	5	0	0	1
Freshmen	12	2	1	1	3
	<hr/> 47	<hr/> 13	<hr/> 2	<hr/> 3	<hr/> 4

Total

The scholarship of the average pupil is slightly higher than the normal mark and the effort of the students is only equalled by their interest in their courses. There has been no ineligibility for athletics due to failure in studies and I feel that the athletic program does not conflict in any way with the scholastic pursuits and it tends to keep our young men and women occupied during those hours after school that are usually wasted unworthily. Athletics at the High School are at a high level and the Athletic Association has found it possible to furnish uniforms to its basket-ball teams.

Under the efficient instruction of Mr. Dolloff, who actively participated in sports at the University of Maine, the boys' team has had a successful season, with the majority of winnings on their side. The girl's team has met some keen competition, but have also come through with a majority of the games in their favor. The teams are being held as strictly as possible to college training regulations, their diets regulated, their habits controlled and their interest held by many hours of practice in which we have tried to teach them the fundamentals of sportsmanship.

I am a strong believer in athletics and the good to be derived from them, and I beg of you, the citizens of Unity, to help us keep the interest of our athletic teams, to help them maintain the hours and habits which must be a part of the life of a successful athlete. Discipline of mind and body is greater than the fame of winning athletic contests.

The support we have thus far received is appreciated to the fullest. You, by your support, have made the success of our organization possible. Without public good will, without active support, any organization rendering service to a community is a failure.

I wish to assure you of our appreciation for the sense of cooperation existent between the townspeople, school committee and this high school. Without this harmony between the working parts the efficiency of this body would be detrimental to the ideals we hold for our group. We like to feel we are a part of the community, and it is necessary that you feel that you are part of us.

A standing invitation is offered you to visit our school at any time. If you are the father or mother of someone in our high school it is necessary that you know the exact conditions under which your son or daughter is fitting himself or herself to adult life. It is necessary that you have this knowledge in order for you to successfully cooperate with me in our task of moulding young man and womanhood.

I feel that our high school has improved greatly in the past year, and there is no single factor responsible for that improvement. It is my hope that each year sees its improvements and that every year will be better than the one last past. Without such improvement our organization is stagnant.

It is imperative that every boy or girl in its jurisdiction attend it. It is the young people's chance—one that you, their parents, are paying for in taxes. Why not interest them in accepting the tool you have bought and paid for—why not have them build men and women of themselves with this greatest tool of all—education.

Today is unlike your yesterdays. Conditions are different than when you were a boy or girl. I beg of you, do your best to make an education a part of your child's heritage.

Respectfully submitted, KENNETH W BARKER

Town Warrant

**To H M BROWN, a Constable of Unity, County of Waldo,
Greetings:**

In the name of the State of Maine you are hereby required to notify and warn the inhabitants of the said Town of Unity, qualified by law to vote in town affairs, to assemble in the Town House in said town on Monday, the 12th day of March, A. D. 1928, at 10 o'clock in the forenoon, to act on the following articles, viz:

- Art. 1 To choose by ballot a moderator to preside at said meeting.**
- Art. 2 To choose by ballot a town clerk for the ensuing year.**
- Art. 3 To choose by ballot necessary selectmen, assessors and overseers of the poor for the ensuing year.**
- Art. 4 To choose by ballot a treasurer for the ensuing year.**
- Art. 5 To choose by ballot a collector of taxes for the ensuing year.**
- Art. 6 To choose by ballot a member of the supervisory school committee for a term of three years.**
- Art. 7 To choose by ballot a member of the supervisory school committee for a term of two years.**

- Arr. 8 To choose by ballot one or more constables for the ensuing year
- Art. 9 To choose by ballot one or more road commissioners for the ensuing year.
- Art. 10 To choose by ballot one or more fire wardens for the ensuing year.
- Art. 11 To choose by ballot all other necessary town officers.
- Art. 12 To see what method the town will take in relation to the collection of taxes, and to see if the town will allow a rebate or discount on all taxes paid before a certain date, and if so establish by vote such dates and the amount of such rebates or discounts.
- Art. 13 To see if the town by its vote will set the date when its taxes assessed and committed for the year 1928 shall become due.
- Art. 14 To see if the town will vote to raise and appropriate a sum of money for the payment of rebate or discount on taxes, and if so, how much.
- Art. 15 To see what sum of money the town will vote to raise and appropriate for the payment of town officers for the ensuing year.
- Art. 16 To see what sum of money the town will vote to raise and appropriate for the support of poor for the ensuing year.
- Art. 17 To see what sum of money the town will vote to raise and appropriate for repairs of roads and bridges for the ensuing year.

- Art. 18** To see what sum of money the town will vote to raise and appropriate to be expended and used for advertising the natural resources, advantages, and attractions of the State of Maine
